

JERRY, SITTING HERE @ HOME ON OXYGEN RECOVERING FROM BLASTOMYCOSIS, I THOUGHT I'D GIVE THIS A TRY. I THINK I'M RIGHT.

SMI IS STILL THE BEST DAMN FIELD CALCULATING SOFTWARE EVER!

- 1) USING SMI, COMP. COORDS AT 4 CORNERS
- 2) DID DIST-DIST INT FROM #4 & #3 & FROM #2 & #3
- 3) THOSE 2 PTS DIDNT MATCH BY 9.42' IN A NE-SW DIRECTION
- 4) SIMPLE OBS SUGGESTS THAT MAYBE 221.96 SHOULD BE 212.96
- 5) USING THEORIZED CORRECT DIST OF 212.96 I DO ANOTHER DIST-DIST INT FROM #4 & #2 TO GET PT 7
- 6) PT 7 NOW AGREES WPT 5 BY 0.095'
- 7) MEAN OF PT 7 & PT 5 = 499623.327 N
